

Pimples—Boils

are danger signals—heed the warning in time. When the blood is impoverished the gateway is open for the germs of disease to enter and cause sickness.

Dr. Pierce's Golden Medical Discovery

eradicates the poisons from the blood by routing the liver into vigorous action, purifying and enriching the blood, and thereby ridding the system of all impurities. Skin and "scrofulous" diseases readily disappear after using this old-time remedy.

**WILSON NOW REJECTS
INAUGURAL RECEPTION
AT THE WHITE HOUSE**

TRENTON, N. J., Jan. 27.—President-elect Wilson heard to-day of the suggestion to hold a reception in the White House instead of the Capitol on the

night of his inauguration, but he does not think the plan practicable. "I have had no formal intimation of it," he said, "but friends tell me it would hardly be possible to hold a reception at the White House that night as there probably will be about 100,000 visitors in the city of Washington at the time. I don't think a reception on that evening could be by invitation. In fact, unless it could be arranged on a democratic basis and no one excluded, which seems physically impossible, it would not favor it."

The Governor got back to the State House this morning after spending the week-end in Hoboken. He said the con-

ference there yesterday of social workers came as a surprise to him, in that he did not know it had been arranged until yesterday noon. He understood, he said today, that some of those present had been actively interested in drafting the social welfare plank of the National Progressive Party's platform. "It all interested me very much, and I was glad to have had the opportunity to hear the views expressed," he remarked.

A delegation from the Farmers' Union of America presented to the Governor to-day the name of C. S. Barrett of Georgia for the portfolio of Secretary of Agriculture. Mr. Barrett is the President of the Farmers' Union, which has organizations in twenty-one States.

SAVE 25 FROM HOTEL FIRE.

PUTNAM, Conn., Jan. 27.—The Chickering Hotel, in the heart of the town, was badly damaged by fire early to-day and some twenty-five guests and employees were carried out of the building in a semi-conscious condition, overcome by smoke. Railroad freight men left their trains nearby to aid the firemen in the rescue work.

The fire started from the furnace and within a short time the whole building was filled with dense smoke. Five business concerns located in the building suffered loss, principally by water. The total damage is estimated at close to \$25,000.
